### 1.0 Financial Controls & General Principles

This policy defines standards for incurring and claiming reimbursement for ordinary, necessary, and reasonable business expenses at Apex Global Technologies.

**Core Rule:** Expenses must serve a valid enterprise business purpose, be within budget, and be supported by itemized receipts.

## 2.0 Delegation of Financial Authority (DOA) Matrix

Expenditure approvals are strictly regulated by corporate delegation tiers. No employee may approve their own expense report or that of an officer to whom they report.

| Approval Level      | Single Transaction Limit | Monthly Expense Budget |
|---------------------|--------------------------|------------------------|
| Team Lead / Manager | Up to \$500              | Up to \$2,500          |
| Department Director | Up to \$5,000            | Up to \$25,000         |
| Vice President      | Up to \$25,000           | Up to \$100,000        |
| CFO / CEO           | Above \$25,000           | Executive Budget       |

## 3.0 Receipt Substantiation Standards

---

Proper tax compliance requires detailed itemized documentation for all claims.

### 3.1 Itemized Receipt Rules

Digital copies of itemized merchant receipts showing date, merchant name, items purchased, tax, and final total must be attached in the Finance Portal for all expenses over \$10.

- Credit card authorization slips alone are insufficient.
- Missing receipt affidavits are allowed max 2 times per year for amounts under \$50.

## 4.0 Client Entertainment & Business Meals

---

Entertainment of existing or prospective clients must directly support corporate business growth goals.

### 4.1 Required Documentation

All entertainment claims must detail:

- Full names, titles, and company affiliations of all attendees.
- Specific commercial purpose or project discussed.
- Itemized restaurant breakdown.

The maximum allowed meal expense for client dining is \$125 per attendee (including tax and tip up to 20%).

## 5.0 Subscriptions, Software & Dues

---

All software tool licenses and professional memberships must follow central procurement procedures.

### 5.1 IT Software Purchases

Individual credit card purchases of SaaS software, cloud subscriptions, or online tools are strictly prohibited without written IT Security approval prior to purchase.

### 5.2 Professional Membership Dues

The enterprise covers 1 professional organization membership fee per employee annually, provided it directly relates to the employee's current role.

## 6.0 Corporate Credit Card Governance

---

Corporate credit cards are issued to designated personnel with frequent travel or purchasing responsibilities.

### 6.1 Cardholder Obligations

Corporate cards must be used exclusively for enterprise expenses. Personal charges are strictly prohibited and will trigger payroll deductions and card suspension.

Card reconciliation reports must be completed by the 10th of each calendar month.

## 7.0 Submission Deadlines & Processing Schedule

---

Timely expense reporting ensures accurate financial ledger accounting and prompt employee reimbursement.

### 7.1 Submission Window

Expenses must be submitted within 30 calendar days of occurrence. Expenses submitted after 60 days will be rejected and will not be reimbursed.

### 7.2 Reimbursement Disbursement Schedule

Approved claims are paid bi-weekly directly to the employee's bank account via direct deposit.

## 8.0 Audit Framework & Tax Compliance

Accounts Payable audits 100% of claims above \$1,000 and 20% of routine claims at random.

**Tax Compliance Note:** Reimbursed expenses missing required itemized receipts may be treated as taxable income to the employee under prevailing tax authority regulations.

## 9.0 Policy Exceptions & Governance Sign-Off

---

Any exception to this policy requires pre-approval from the Corporate Controller or CFO in writing.

### Policy Declaration

---

I certify that all expenses submitted for reimbursement represent legitimate enterprise expenses incurred while conducting business for Apex Global Technologies.
