8.0	Non-Reimbursable Travel Expenses	Page 9
9.0	Travel Expense Audits & Compliance Sign-Off	Page 10

1.0 Policy Objectives & Authorization

Apex Global Technologies balances commercial travel requirements with cost efficiency, employee comfort, safety, and corporate duty of care responsibilities.

1.1 Mandatory Pre-Travel Authorization

All business travel requiring airfare, hotel stays, or total expenses expected to exceed \$500 must receive prior written approval through the Enterprise Travel Management Portal (ETMP) at least 14 days before departure.

Approval Hierarchy: Domestic trips require Department Head sign-off. International itineraries require Executive Director approval.

2.0 Air & Rail Travel Governance

All air travel must be booked via the Corporate Travel Desk using lowest logical fare routing criteria.

2.1 Cabin Class Guidelines

Flight Duration	Permitted Cabin Class	Advance Booking Requirement
Under 6 Hours	Economy / Main Cabin	14 Days Minimum
6 to 10 Hours	Premium Economy	21 Days Minimum
Over 10 Hours (Non-stop)	Business Class	30 Days Minimum

2.2 Flight Changes & Cancellations

Non-refundable tickets must be selected unless schedule uncertainty is documented. Ticket change fees will only be covered by the company if the schedule alteration is requested by enterprise management.

3.0 Lodging & Accommodation Limits

Employees are expected to stay at preferred partner hotels. Nightly room rate limits are established based on tier city classifications.

City Category	Target Nightly Max Rate (USD)	Examples
Tier 1 (High Cost)	\$320 / night	New York, London, Tokyo, San Francisco
Tier 2 (Standard)	\$220 / night	Chicago, Berlin, Singapore, Austin
Tier 3 (Regional)	\$150 / night	All other secondary locations

3.1 Incidental Charges

Personal hotel expenses such as mini-bar items, pay-per-view movies, spa services, and laundry (for trips under 5 days) are not reimbursable and must be settled upon checkout using personal credit cards.

4.0 Ground Transportation & Rental Vehicles

Travelers must select the most economical, safe transportation mode when traveling locally during business trips.

4.1 Public Transit & Rideshare

Public transit or standard rideshares (UberX, Lyft Standard) should be used whenever feasible. Premium transport options (Uber Black, Executive Cabs) are strictly prohibited.

4.2 Car Rentals & Insurance

Rental vehicles are permitted only when multiple business visits are required in locations with inadequate public transport.

- Vehicle Class: Compact or Intermediate size vehicles only.
- Insurance: Refuse Collision Damage Waiver (CDW) domestically as corporate master insurance covers drivers; accept coverage internationally.

5.0 Per Diem Allowances & Meal Tiers

Meal allowances cover personal breakfast, lunch, dinner, and gratuities during approved travel days.

Location Tier	Daily Per Diem Cap	Breakfast / Lunch / Dinner Split
Tier 1 Metropolitan	\$90 / day	\$20 / \$25 / \$45
Tier 2 Standard	\$70 / day	\$15 / \$20 / \$35
Tier 3 Secondary	\$55 / day	\$12 / \$15 / \$28

Receipt Requirement: Itemized receipts are mandatory for all individual meal expenses exceeding \$25. Credit card slips showing only total amounts are insufficient for audit standards.

6.0 International Travel & Visa Compliance

Cross-border business operations require strict adherence to international entry regulations, passports, and work visa restrictions.

6.1 Visas and Passports

Employees are responsible for holding a passport valid for at least 6 months beyond the planned return date. Costs for business visas and passport renewals are fully reimbursable.

6.2 Currency Exchange

Currency conversions must be submitted with official conversion slips or credit card statements reflecting actual exchange rates on transaction dates.

7.0 Duty of Care, Insurance & Safety

Apex Global Technologies maintains a mandatory travel security tracking system to protect traveling team members during medical, political, or weather emergencies.

7.1 Mandatory Itinerary Registration

All flight and hotel bookings must be linked to the enterprise Travel Safety App to enable real-time location assistance during crises.

7.2 Corporate Travel Insurance Coverage

Traveling employees are covered by enterprise group travel accident insurance, which includes global emergency medical evacuation, SOS assistance, and luggage delay protection.

8.0 Non-Reimbursable Travel Expenses

The following categories of expenditures will not be paid or reimbursed by Apex Global Technologies under any circumstances:

- Airline lounge membership fees or single-use passes (unless pre-approved for Executive Leadership).
- Traffic violations, parking tickets, or speeding fines.
- Alcoholic beverages outside approved client entertainment events.
- Personal grooming, hair styling, or clothing purchases.
- Loss of personal funds or personal property theft during transit.
- Expenses incurred by non-employee companions or family members traveling with personnel.

9.0 Travel Expense Audits & Compliance

Corporate Finance conducts monthly random audits of all travel claims. Non-compliance, duplicate submissions, or fraudulent travel expense claims will lead to disciplinary action and financial recovery.

Compliance Declaration: Submission of falsified travel receipts is classified as financial fraud and results in immediate termination of employment.

Traveler Compliance Acknowledgement

I confirm that I have read, understood, and agree to adhere to all provisions outlined in the Corporate Travel Policy (V3).
